The Annual TTMAC Convention Open House June 17, 2010 Westin Hotel 320—4th Avenue S.W. , Calgary Alberta

VISIT SUPPLIER DISPLAYS THROUGHOUT THE DAY

*The Terrazzo, Tile and Marble Association of Canada (TTMAC) is pleased to present professional development seminars which are to be held on June 17, 2010 at the Westin Hotel, Calgary Alberta. This is a unique opportunity to increase your knowledge of the hard surface industry. **All seminars are free of charge.** In addition to these seminars, many of the TTMAC's members will be displaying their products and services with table top displays.*

Take advantage of this opportunity to attend these complimentary seminars that will include:

8:30 am - 10:00 a.m. Large Format Tile - Presented by Peter Butler, Butler & Butler Tile Setting Inc.

Large format tile continues to be popular in the hard surface industry. This informative seminar will provide some insight into considerations when choosing large format tile and will also delve into preparation and installation systems and why they are recommended.

Peter Butler began his career in the construction industry at the age of 16. After immigrating to Canada in 1981 he joined his uncles family business of tiling in Kelowna B.C. In Peter's 28 year career he has specialized in several commercial projects as well as high profile residential homes and industrial projects. Peter now has the opportunity to teach techniques and ideas to a new generation of tilers through seminars sponsored by the TTMAC.

10:15 am - 11:45 am The New 2009/2010 09 30 00 TTMAC Tile Installation Manual—An exercise of Patience and Perseverance—Presented by Dale Kempster, Schluter Systems Canada Inc.

This presentation will discuss the changes and new details that were added to the newest addition of the 09 30 00 manual. Content covered will include Leed: new mortar definitions; installing over Green concrete, Large format tile installations; and 6 new details on Sound Control Installations on floors. All attendees will receive a free copy of the 09 30 00 manual and discounted copies of ANSI A 108 and ANSI A 137.1 will also be available.

Dale Kempster is the Technical Director of Schluter Systems (Canada) Inc. and has been with Schluter Systems for 24 years. He is currently Vice-President of the MMSA (Materials, Methods, and Standards Association in the U.S.) and an active member of the TTMAC (Terrazzo, Tile and Marble Association of Canada). Dale is on the TTMAC Board of Directors and is Co-Chairperson of the Specifications & Technical research Committee.

12:00—1:30 pm COMPLIMENTARY LUNCHEON & SUPPLIER DISPLAYS

2:00 pm—3:30 pm Designing With Terrazzo - Presented by Tony Torriano, Duochem Inc.

This presentation will include a review of how to design a terrazzo floor along with the different options available. It will also explore the green aspects of terrazzo flooring systems.

Tony holds a Bachelor's Degree in Chemistry from York University. He has over twenty years of experience in polymer flooring, terrazzo, wall coating and weather proofing systems on the development, manufacturing, sales and marketing regimens. He is the current President of the Terrazzo, Tile and Marble Association of Canada and chairs the Terrazzo Specification Committee. He is a Past Chairman for the Toronto Chapter of Construction Specifications Canada.
